

CHEVRON'S ECUADOR TRIAL

SHAM "REMEDIATION" OF CONTAMINATED SITES

100% of the inspected sites that were supposedly cleaned-up by Chevron show high levels of toxins that violate the law

Inspected Site	Samples Taken by Chevron	Samples Taken by Affected Communities	Total Samples	Samples that Violate Ecuadorian Law*	Percentage that Violate Ecuadorian Law
SA-6	45	-	45	24	53%

TOTAL	1123	418	1541	1053	68%

Of sites (in green) supposedly cleaned-up by Chevron, 100% contain high toxic levels

* Decrees 1215 and 3516, which regulate environmental law in Ecuador.

CONCLUSIONS:

- (1) OF ALL THE SAMPLES REPORTED TO THE COURT BY BOTH SIDES, 1053 OF 1541 TAKEN (68%) VIOLATE ECUADORIAN LAW.
- (2) 100% OF THE INSPECTED SITES HAD LEVELS OF TOXINS THAT VIOLATE ECUADORIAN LAW.
